Book Details:

Review: Certainly a worthy addition to the personal libraries of landscape architects, both professionally and academically. Students will also benefit from giving this tome a read, as Chris Reed (of Stoss L.U.) and Nina-Marie Lister (an academic who is as sharp as a knife) have curated a wide range of topics to address in contemporary landscape architecture,...

Description: The past two decades have witnessed a resurgence of ecological ideas and ecological thinking in discussions of urbanism, society, culture, and design. The field of ecology has moved from classical determinism and a reductionist Newtonian concern with stability, certainty, and order in favor of more contemporary understandings of dynamic systemic change...
